

COVID-19 Test Result

Your recent COVID-19 test result is **negative**.

This means that at the time you were tested, there was not a detectable level of the virus that causes COVID-19.

If you are a close contact of someone who tested positive for COVID-19, **this test result DOES NOT end your required 14-day quarantine period early**. You must still quarantine for the full 14 days from the date you were exposed to COVID-19.

If you have symptoms, please follow-up with your healthcare provider. If you start to have [symptoms of COVID-19](#), please consider being tested again at that time.

If you would like an official copy of your results, please register at <https://patient.ap2.com/Login> using the exact name you used when registering for your test. If you need assistance obtaining the official copy, please call the laboratory at 866-864-7284.

Thank you for taking the time and initiative to be tested. If you have any other questions or concerns, please call our information line Monday through Friday between 9am and 4:30pm at 970-498-5500. Text your questions anytime to 970-999-1770.
